

Class One Weekly Overview of Learning

Spring Term 3 Week 4 – week beginning 29.1.18

English

‘A Place to Call Home’ – innovation

This week we will continue to change the original text in order to make stories of our own. We are also learning how to draft and re-draft our work - just like Austin’s butterfly!

Please keep reading with your child, 5-10 minutes each night has a huge impact on confidence. Try to involve them in book talk and enjoy that special time together.

Maths

This week we are continuing to focus on multiplication and the concept of ‘groups of’. Year 1 will concentrate on repeated addition and Year 2 will use their knowledge of the commutative law. I am currently creating an array display in the classroom so if you have any examples of arrays in your recycling please send them in – egg boxes are a wonderful example!

Topic / History / Art / D&T

Our houses from 1666 are now made and ready for display. I would like to say a big thank you to the parents / grandparents that helped with this project.
