

Class One Weekly Overview of Learning

Spring Term 3 Week 1 – week beginning 8.1.18

English

As part of the Eynsham Partnership Academy this week will see the beginning of our Text Rich Curriculum Project. We will begin to use a text-rich book as the focus for our English learning.

Maths

Our Maths focus is based on number – identifying properties and using mathematical knowledge and vocabulary to answer questions. We will also learn about ordinal numbers and when they are used. Towards the end of the week we will begin to learn how to round numbers to the nearest multiple of ten.

Topic / History / Art / D&T

Our history topic for this term is The Great Fire of London, describing events beyond living memory and learning about daily life in the year 1666. As part of this topic we would like to make models of the houses during this period. If you have any empty cereal boxes please send them into school as they make an ideal structure for the houses.
