

Class One Weekly Overview of Learning

Spring Term 4 Week 1 – week beginning 19.2.18

English

To celebrate the Chinese New Year we will learn a Chinese traditional story where each year is named after one of twelve animals featuring in the Chinese zodiac! Ask your child to share this story with you, they are becoming great storytellers!

Maths

This week we are securing our understanding of Place Value, which includes comparing and rounding numbers. Our starters will be based on times tables.

Topic / History

Great Explorers – This term we will be focusing on Christopher Columbus and Neil Armstrong which links well with our value of the term – Achievement. We have created a WOW board in our classroom to celebrate the children’s achievements – look out for WOW vouchers which you can fill in at home and send in to school to be displayed.

Art / D&T

We will begin to carry out close observations linked to our Science topic of Sow and Grow and over the course of this term create pollen sculptures out of clay.
