

Class One Weekly Overview of Learning

Spring Term 4 Week 2 – week beginning 26.2.18

Monday or Tuesday afternoon the children will have their marble jar treat – cake, juice and a little extra play! Well done class one, keep up the good work!

English

This week we will begin to study a new text – Lost and Found by Oliver Jeffers. We will be making character descriptions and learning some real facts about penguins.

Maths

As well as continuing to secure our understanding of Place Value, we will be adding, subtracting and measuring using both standard and non-standard units of measurement.

Topic / History

This week we will focus on Neil Armstrong and create fact files to explain why he is such a significant person within history. I'm hoping that this week we'll have some completed Wowchers to add to our WOW board. Don't forget we want to celebrate **achievements** out of school too!

Art / D&T / Science

This week I'd really like to start to sow our seeds, but in order to do this I need the support of some parents / carers to help. If you are available this Friday afternoon, please come and see me. We will make initial sketches of the seeds and then be able to document weekly changes.
