

# Class One Weekly Overview of Learning

## Spring Term 5 Week 2 – week beginning 23.4.18

**Value of the Term - TRUST**

### **English**

Today is St George's Day so we'll start off our week by learning about George and the Dragon. We will then be looking at a new high quality picture book which allows the children to put themselves inside the story and empathise with characters, their issues and dilemmas.

### **Maths**

We are starting the week by counting in 2s, 5s, 10s and beginning to secure counting in 3s. Later in the week we'll be looking at fractions of both shape and amounts.

### **Science – Use of Everyday Materials: Exploring changes**

An experiment will start our Science learning this term, followed by some role play to help us understand the Science that has taken place.

### **R.E.**

We are discussing stories from the Old Testament and finding out what we can learn from them. This week Year 1 will focus on Joseph and his amazing coat of many colours and Year 2 will be discussing whether stories change people by focusing on the story of Zacchaeus.
