

Forest School Update

Early Years Team

TERM 5 – What an exciting week at forest school we had last week. Cpl Nathan Thompson kindly brought lots of fun and interactive resources from the Royal Air Force.

The children were able to try on helmets, life jackets, camouflage clothing and paints. Children were also able to see what food and drinks you would survive on if you were lost somewhere.

It's been lovely seeing how the woods are changing through the seasons. The wood floor is very mossy and spongy. The trees and bushes are changing colour and it's a nice and cool place to play even when sunny.

Nathan will be joining us again soon for some Den building. Thank you from all of us goes to Corporal Thompson and Donna for her continued support.
