

## Parent Overview

Dear Parents,

Wow! What an amazing week - chickens everywhere. No matter what your age this amazing feat of nature is compelling.

Whilst mentioning Wows please don't forget your children's *WOW Moments*. Slips are available in the classroom and your children will earn a *Gotcha* for every *WOW!*

This week our focus in the castle will be on Princesses. We will be reading lots of fairy stories and making crowns and tiaras (hopefully without any tantrums!) We are happy for the children to bring in princess dresses for dressing up, as long as they are not too precious!

Maths for foundation this week will include problem solving using knowledge of counting in 2's, 5's and 10's. Bunnies will be focusing their work on the number 5. A great opportunity for singing finger rhymes and songs.

Please don't forget to comment and sign your child's homework book. Your comments are valuable to us and can help put your child's work into context.

We've been so lucky with the weather this weekend. As it remains hot, please could you ensure your child has had some sun cream applied and has a hat and water bottle in school.

Warm regards

The EYFS team
