

Class One Weekly Overview of Learning

Spring Term 4 Week 4 – week beginning 12.3.18

English

We will begin by writing a Book Review of *Lost and Found* by Oliver Jeffers and continue to enjoy this charming story of friendship. After planting our seeds on Wednesday afternoon we'll write some instructions explaining what is needed and how to proceed in order to grow our own vegetables.

Maths

This week is all about capacity – let's hope we can do some of our learning outside!

Topic / History / Value

Christopher Columbus is our focus Explorer this week and this topic is going to feature in our sharing assembly on March 23rd. Look out for personal invitations in book bags please, it would be lovely to see as many of you as possible to share our learning. The completed **Wowchers** are wonderful to read, it is so rewarding to learn what the children get up to outside of school and the great **achievements** they are making.

Art / D&T / Science

Unfortunately we have still not been able to plant our seeds but I'm very hopeful for doing so this Wednesday afternoon. We will be making close observational drawings of different seeds from fruit and vegetables.
