

Class One Weekly Overview of Learning
Spring Term 4 Week 3 – week beginning 5.3.18

**Thank you for supporting World Book Day last Thursday,
the children all looked splendid!**

English

We'll continue our learning through our new text – Lost and Found by Oliver Jeffers. We will use this text to study different forms of punctuation and begin to secure the use of these in our own writing.

Maths

Subtraction will be our focus this week, we will continue to use 100 squares and spider counting plus the part / part / whole method. Year 2 will extend their understanding by giving change.

Topic / History / Value

Ask your child to share their learning with you with regards to Neil Armstrong; they have already learned so much. Thank you for the completed **Wowchers** which are being proudly displayed on our WOW board. Please continue to send these in; it's wonderful to celebrate **achievements** both in and out of school.

Art / D&T / Science

As we were unable to sow our seeds due to the snow last Friday, we'll plant them this week. If any parents/grandparents/carers are available to help this Friday afternoon please come and see me. We will make initial sketches of the seeds and then be able to document weekly changes.
