

Class One Weekly Overview of Learning
Summer Term 6 Week 7 – week beginning 16.7.18
WHOLE SCHOOL TRIP TO LEGOLAND – Thursday 19th July

English – Fiction

This is our final chance to story write this year – stories are based on *The Man Whose Mother was a Pirate*, but I'd always love to read any stories that the children write over the holiday. On Friday we will write a recount to tell about our day at Legoland.

Maths

Outdoor learning this week, including measuring the playground!

Computing

The children will continue to learn the meaning of staying safe online, who to go to for help and how to safely enjoy the many opportunities that the internet has to offer.

Art

We will be using art skills to create a habitat collage based on the sea and sea creatures.

Class One your marble treat is secure. We just need to make a tally so that we find out the most popular activity choice!
