

# **Badger Class Weekly Overview of Learning**

## **Autumn Term – Week Beginning 08.10.18**

### **English**

In English we have finished our myths and legends and are moving on to writing diary entries. This week we will encounter lots of examples and focus on the key features of a diary entry. This will all build up to writing a diary entry from the point of view of an ancient Greek person – boy, girl, senate, slave etc.

### **Maths**

Badger class have been absolutely fantastic in maths and we have successfully completed our unit on place value. We are beginning to look at addition and subtraction using mental strategies and physical resources such as dienes or place value counters to help.

### **Topic / History/ RE**

To help us with our diary entries, the badger class will be diving into ancient Greek culture. We will look around ancient Greek homes and think about what daily life was really like.
