

## Badger Class Weekly Overview of Learning Week beginning 12.11.18

### English

This week in English we will be working on up levelling our sentences by adding expanded noun phrases, fronted adverbials and subordinating conjunctions/clauses. We will also compile all our newspaper articles to make a class newspaper!

### Maths

Badger class will be tackling some tricky word problems this week based around column addition **and** column subtraction. Later on in the week we will be looking at our times tables.

### Topic / History/ RE

Fantastic fossils! We will be exploring different types of fossils and finding out how fossils are made. We should all be clued up on the famous Palaeontologist, Mary Anning, due to the homework which is due this Thursday!
