

TERM 2 Wow what a busy term we have had. Even with all the exciting Christmas events, we still managed to have fun in the woods. Find out below what we got up to.

Amelie's Dad, Corporal Nathan Thompson has been joining us every fortnight to teach us some survival techniques in the wild. We built shelters, learnt how to be found in the wild, how to build fires safely and what to eat/drink. Its been amazing fun – thank you and hope to see you next term.

We've also had the chance to do some woodland painting, make wooden necklaces and be woodland superheroes!
