

Report on the Use of the Primary PE & Sport Premium 2022-23

Sports Premium

At Stanton Harcourt Church of England School we believe PE & Sport play an important role in making our vision statement a reality for every pupil, with the potential to change young people's lives for the better.

Objective: To achieve self-sustaining improvement in the quality of PE and sport in primary schools against 5 key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Principles for the allocation of funding:

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years For example, you can use your funding to:
- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and Change4Life clubs
- run sport competitions
- increase pupils' participation in the School Games
- run sports activities with other schools

You should not use your funding to:

- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of your core staffing budgets
- teach the minimum requirements of the national curriculum – including those specified for swimming.

PE & Sports Premium Funding for the current academic year:

Schools receive PE and Sport Premium Funding based on the number of pupils in Years 1 to 6. The funding for 2020-21 is calculated on the following basis:

- Schools with 16 or fewer eligible pupils receive £1000 per pupil.
- Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

For 2020-21 we predict that Stanton Harcourt Church of England School will receive £16,880

SWIMMING AND WATER SAFETY

Swimming is an important skill and can encourage a healthy and active lifestyle. All Local Authority schools must provide swimming instruction either in key stage 1 or key stage 2. The programme of study for PE sets out the expectation that pupils should be taught to:

swim competently, confidently and proficiently over a distance of at least 25 metres

use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]

perform safe self-rescue in different water-based situations

Year 6 Swimming data 2021-2022

Distance	Percentage
25m	100%
